Amia®

Rotary Conference Chair

E60PQ-120001/046/PQ

Amia is a hardworking, versatile seating solution designed to handle long hours of serious sitting. With fully upholstered back and arms, Amia brings an element of sophistication to any workspace.

Tucked away inside its backrest is Amia's patent-pending LiveLumbar—a system of flexors that contour to fit your spine, for continuous lower back support as you move in your chair. You may not see it, but you'll certainly feel it. As you sit in the chair, an adjustable LiveLumbar zone flexes with your every move, for consistent ergonomic support for your lower back. Hour after hour, day after day.

With additional comfort features like 4-way adjustable arms, adjustable seat depth and a flexible front seat edge, Amia keeps you feeling good. It's a chair for every day, that's not your everyday chair.

Think™

Rotary Conference Chair

E60PQ-120001/046/PQ

The Think chair easily supports all types of work, from collaborative group work to focused work. Think easily integrates into today's workplace, providing comfort and support no matter the task or type of work.

Think is smart enough to support both impromptu collaborative work, or an all day sit needed for focused work. It intuitively adjusts as a user moves, allowing them to get to work faster.

Think easily creates maximum customized comfort with a minimal number of adjustments. The integrated LiveBack system, combines a flexible back frame, linked flexors and dual-energy lumbar to intuitively sense and respond to user's needs.

Think features a refined aesthetic, combining beauty and functionality. A variety of surface materials and a range of product options, make it easy to integrate Think into any application.

Cobi

Rotary Conference Chair

E60PQ-120001/046/PQ

Every part of Cobi was designed to flex and adjust to your body. The chair's top flexing edge lets you comfortably rest your arm on top of the chair. The flexing seat encourages you to move and shift, allowing you to sit centered or off to the sides. And the flexing back contours to support any posture your body needs at any given moment.

The Cobi chairs offers one manual adjustment (seat height). The rest is taken care of for you. The weight-activated mechanism naturally puts you in the best position of comfort right from the start. When you first sit in Cobi, it senses your center of gravity and adjusts to the position that will put the least amount of stress on your body, while still keeping you properly oriented and supported. When you shift or move, Cobi does the same; allowing you to daydream in comfort.
